DIGEST

Currently, the University of Texas at Austin charges a \$1.00 fee to students per semester or summer session as a source of financial assistance for students in international student exchange and study abroad programs. However, the current fee is insufficient to meet the increased demand for the program and costs associated with the program have risen substantially. This bill would increase the fee to \$4 per semester or summer session to assist the university in meeting the demand and increased costs for international student exchange and study abroad programs.

PURPOSE

As proposed, S.B. 1808 authorizes the board of regents of the University of Texas System to charge and collect from students registered at the University of Texas at Austin a fee of \$4 for any semester or summer session to be used only for funding an international education program.

RULEMAKING AUTHORITY

This bill does not grant any additional rulemaking authority to a state officer, institution, or agency.
