DIGEST

Texas Woman's University and the Institute for Health Science at Texas Woman's University have operated as a system, under one board of regents, for 27 years. However, the Education Code does not specify that the institutions are part of a system. C.S.S.B. 1859 would create the Texas Woman's University System.

PURPOSE

As proposed, S.B. 1859 creates the Texas Woman's University System.

This bill does not grant any additional rulemaking authority to a state officer, institution, or agency.
