### **DIGEST**

Currently, Texas law requires the Center for Rural Health Initiatives (center) to be abolished on September 1, 1999, unless continued by the legislature. The center is the primary state resource to assist government and rural communities in planning, coordinating, and advocating for continued access to health care services for three million rural Texans. The center provides loans and scholarships, and sponsors annual health professional recruitment fairs. The center's nine-member executive committee is responsible for overseeing the annual budget of \$1.5 million, and the Texas Department of Health is responsible for providing administrative services to the center. S.B. 354 would permit the center to continue to operate until September 1, 2007.

### **PURPOSE**

As proposed, S.B. 354 permits the Center for Rural Health Initiatives to continue to operate.

### **RULEMAKING AUTHORITY**

This bill does not grant any additional rulemaking authority to a state officer, institution, or agency.

### **SECTION BY SECTION ANALYSIS**

SECTION 1. Amends Sections 106.003, 106.021, and 106.024, Health and Safety Code, as follows:

Sec. 106.003. SUNSET PROVISION. Provides that unless continued in existence as provided by the Texas Sunset Act the Center for Rural Health Initiatives (center) is abolished and this chapter expires September 1, 2007, rather than 1999.
