As Filed

DIGEST AND PURPOSE

Many individuals rely on mail-forwarding services in order to receive their mail in an efficient, reliable, and timely manner. It often will take an additional amount of time for an individual to respond to registration challenge, considering the process by which the individual receives his or her mail through the mail-forwarding service. At times, a voter will not have enough time to receive and respond to the notice sent by the registrar if sent too close to the time of an election. This places an unfair burden on the voter to prove his or her residence. As proposed, S.B. 1311 limits the amount of time a voter has to challenge to 120 days before an election, thereby passing the burden to the challenging voter.

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.

SECTION BY SECTION ANALYSIS

SECTION 1. Amends Section 16.0921, Election Code, to prohibit a voter's registration as to a particular election from being challenged on the basis of residence after the 120th day before election day. Prohibits a registrar from delivering a confirmation notice to such a voter until after election day.

SECTION 2. Effective date: September 1, 2001.
