DIGEST AND PURPOSE

Currently, Texas law allows school districts to deed property to a municipality, county, or nonprofit organization for renovation purposes. However, that law also requires that the property be used as a community center at the time that the deed is transferred and continue to be used as such, or the deed reverts to the district. This requirement precludes the donation of historic schoolhouses that are not currently usable because of deterioration. H.B. 1633 eliminates the provision that donated property be used as a community center. This bill also adds state agencies to the list of entities to which a property may be deeded.

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
