DIGEST AND PURPOSE

Current Texas law requires the attorney general to report to the governor biennially information involving Texas courts. The attorney general has not produced the statutorily required report for at least thirty years because the attorney general's office does not have access to or jurisdiction over most of the required information. As proposed, S.B. 1157 deletes all requirements except two subsections of existing law.

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
