### **DIGEST AND PURPOSE**

The 76th Texas Legislature amended the Local Government Code to allow smaller cities and counties to consider the location of a bidder's place of business when purchasing goods and property, allowing some preference in purchasing from local businesses when the difference between the local's bid and the non-local lowest bid is three percent or less. As proposed, S.B. 1210 expands that discretion for municipalities and school districts to include the purchase of services, and increases the amount of allowable difference between the local and non-local bid to five percent.

### **RULEMAKING AUTHORITY**

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
