DIGEST AND PURPOSE

Currently, some athletes are able to receive advice and assistance in negotiating contracts only from an athlete agent. There are circumstances in which a coach's advice could benefit an athlete regarding contract negotiations and related decision; however, coaches are prohibited from acting in such a capacity. As proposed, S.B. 292 authorizes a person to act as an athlete agent for all purposes, except signing an agent contract, under certain circumstances and sets forth the requirements and process of registering as an athlete agent.

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
