DIGEST AND PURPOSE

Currently, the State of Texas does not publish a list of noxious plant species, defined as plants that have serious potential to cause economic harm or ecological damage. C.S.S.B. 854 authorizes the Texas Department of Agriculture (TDA) to publish a list of noxious species. In publishing the list, TDA is required to consult with representatives from certain entities and take certain other actions that will provide data to create a scientifically-based list. Upon the creation of a noxious plant species list, a person commits an offense if the person sells, distributes, or imports a plant on the list. The offense would be a Class C misdemeanor, punishable by a fine not to exceed \$500.

RULEMAKING AUTHORITY

Rulemaking authority is expressly granted to the Department of Agriculture in SECTION 1 (Section 71.151, Agriculture Code) of this bill.
