AUTHOR'S/SPONSOR'S STATEMENT OF INTENT

In our nation's history there have been only 43 presidents; four of those 43 were either born in or established their political careers in Texas. Regardless of political party affiliation, it is a matter of pride for a state to be the home of a president. State welcome signs are an appropriate place to highlight a particularly significant point of distinction for the state and being home of the president is one such distinction. Therefore, declaring Texas as the home of President Bush would be an appropriate addition to the 66 state welcome signs along roadways entering the state.

C.S.H.B. 137 authorizes the Texas Department of Transportation to erect "Welcome to Texas" signs that contains certain phrases and a depiction of the state flag.

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
