AUTHOR'S/SPONSOR'S STATEMENT OF INTENT

The Bee County Groundwater Conservation District (district) was created to protect and conserve the groundwater within the district under Chapters 36 and 49, Water Code. The district is interested in preserving and protecting the aquifer in the district, as authorized by Chapter 36, Water Code. The powers and authority granted under Chapter 36 are necessary to accomplish the goals of the district.

As proposed, S.B. 1799 eliminates Chapter 49 from the rights, powers, privileges, authority, functions, and duties of the district. The powers and provisions of this chapter are not needed and cause an unnecessary burden on the district.

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
