### **AUTHOR'S/SPONSOR'S STATEMENT OF INTENT**

There are no operating hours established in statute specifically for wineries. The lack of specific sales, delivery, and consumption hours for Texas wineries which coincide with winery tourism prevents wineries from fully capitalizing on marketing opportunities and impedes the growth of the wine industry. Both the winery and the state forfeit revenue if a winery is prohibited from transacting a sale or being the site of a function because the hours of operation do not coincide with tourism and other activities.

Currently, Section 105.01, Alcoholic Beverage Code, authorizes operations and sales only between 9:00 a.m. and 9:00 p.m. and prohibits sales on New Year's Day, Thanksgiving Day, Christmas Day, and Sundays.

C.S.S.B. 571 exempts Texas wineries from the general hours specified by Section 105.01, Alcoholic Beverage Code, and creates a new Section 105.08, Alcoholic Beverage Code, to delineate the hours for sale, consumption, and delivery of wine at a winery to be between 8:00 a.m. and midnight on any day except Sunday and between 10:00 a.m. and midnight on Sunday.

### **RULEMAKING AUTHORITY**

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
