AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

S.B. 1354 is an omnibus bill that amends several Subchapters of Chapter 1301 (Plumbers), Occupations Code, which governs the regulation of plumbers. The Texas Plumbing, Air Conditioning, and Mechanical Contractors Association has requested these changes based on concerns that have been identified by the membership as opportunities to improve their practice act.

As proposed, S.B. 1354 amends the definition of "journeyman plumber" and amends the definition of "master plumber" to require more experience prior to qualifying for the opportunity to take the examination for a master plumbers license. The bill also amends the definition of "plumbing" to clarify what constitutes plumbing and adds "state agency" to the list of entities who may employ a plumbing inspector.
