AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

The lack of urban development projects in the North Oak Cliff area in the City of Dallas would be ameliorated by the creation of a municipal management district. The creation of the North Oak Cliff Municipal Management District (district) would allow for urban infill development in this area.

The creation of this district would provide for the development of a mixed-use project that contains high density workforce housing in proximity to the city's urban core, improvement projects to reduce traffic congestion and increase mobility, and enhancements to provide landscaping and lightings to commercial corridors. Also envisioned as part of this project are improvements that provide green spaces and parks, economic and educational development, and safety and security programs.

As proposed, S.B. 2501 relates to the creation of the district and provides the authority to impose an assessment, impose a tax, and issue bonds.

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
