### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

The 80th Legislature, Regular Session, 2007, enacted a bill that extended the application of certain cities' drainage fees to the unincorporated areas of the county within which the city was located. Funds generated by the fees are used to make improvements designed to reduce flooding and address the appropriate drainage of storm water. Current law allows, but does not require, cities to exempt the property of governmental entities from the drainage fee.

As proposed, S.B. 874 exempts county-owned property from the drainage fee imposed by a city under Section 552.047 (Drainage Charges), Local Government Code, and all ordinances, resolutions, and rules adopted under the subchapter.

### **RULEMAKING AUTHORITY**

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
