C.S.S.B. 1875

Committee Report (Substituted)

AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

The Agua Special Utility District (district) is a reconstituted entity that assumed the duties of the defunct La Joya Water Supply Corporation. As part of the reorganization of the entity, the Agua district elected a new board of directors to lead the district.

C.S.S.B. 1875 has two provisions. The first creates a limit of two consecutive terms for directors. An initial term for the first appointed directors constitutes one term.

The bill also clarifies that appointed directors may serve a second elected term. There was confusion as to whether appointed directors were eligible for elected service.

The SUD requested these changes to establish term limits and to create continuity for a reconstituted entity. By allowing appointed directors to qualify for election to their posts, voters in the district may retain directors with institutional knowledge necessary for a successful transition from its former constitution.

C.S.S.B. 1875 amends current law relating to the governing body and the powers of the Agua Special Utility District.

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
