### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

S.B. 193 makes clarifying changes and updates to the Board of Nursing's (BON) regulation of nurses to improve the practice of nursing and patient safety.

Specifically, S.B. 193 permits nurses younger than 65 years old who go on inactive status to use a title approved by BON to indicate that the license is in good standing but inactive; gives BON authority to establish a confidential, voluntary error reporting system for nursing peer review committees so that educational efforts can be made to reduce those errors; and adds the Texas Peer Assistance Program for Nurses to the entities BON is allowed to disclose physical or psychological evaluations to if the nurse has been referred to the program by BON.

As proposed, S.B. 193 amends current law relating to the regulation of the practice of nursing.

### **RULEMAKING AUTHORITY**

Rulemaking authority is expressly granted to the Texas Board of Nursing in SECTION 1 (Section 301.261, Occupations Code) of this bill.

Retired," "Licensed Vocational Nurse Retired," "Vocational Nurse Retired," "L.V.N. Retired," or "V.N. Retired" or another appropriate title approved by BON. Makes a nonsubstantive change.

SECTION 2. Amends Section 301.352(b), Occupations Code, as follows:

(b) Provides that an act by a person under Subsection (a) (relating to the prohibition on suspending, terminating, or otherwise disciplining or discriminating against a nurse who refuses to engage in a certain act or omission) does not constitute a violation of this section if a nursing peer review committee under Chapter 303 (Nursing Peer Review) determines that the act or omission the nurse refused to engage in was not conduct reportable to BON under Section 301.403 (Duty of Peer Review Committee to Report), nor a minor incident, a violation of this chapter or a BON rule. Makes a nonsubstantive change.

SECTION 3. Amends Section 301.4521(j), Occupations Code, as follows:

(j) Provides that the results of an evaluation under this section are confidential and not subject to disclosure under Chapter 552 (Public Information), Government Code, and not subject to disclosure by discovery, subpoena, or other means of legal compulsion for release to anyone, except that the results may be, among other exceptions, disclosed to a peer assistance program approved by BON under Chapter 467 (Peer Assistance

Sec. 301.4551. TEMPORARY LICENSE SUSPENSION FOR DRUG OR ALCOHOL USE. (a) Creates Subsection (a) from existing text.

(b) Provides that, for the purposes of Section 301.455(c) (relating to a preliminary hearing to determine whether probable cause exists that a continuing and imminent threat to the public welfare exists), proof of the elements required for BON to suspend a license under this section is proof that probable cause of a continuing and imminent threat to the public welfare exists.

SECTION 5. Amends Chapter 303, Occupations Code, by adding Section 303.012, as follows:

Sec. 303.012. ERROR CLASSIFICATION SYSTEM. (a) Authorizes BON to develop a standardized error classification system for use by a nursing peer review committee (committee) in evaluating the conduct of a nurse. Requires BON to make the system available to the committee at no cost.

(b) Provides that information collected as part of an error classification system is a record of the committee and is confidential under Section 303.006 (Confidentiality of Peer Review Proceedings).

(c) Authorizes the committee to report the information collected using the error classification system to BON. Prohibits the committee from reporting information to BON that includes the identity of an individual nurse or patient.

(d) Provides that information BON receives under this section that contains information indentifying a specific patient, nurse, or health care facility, the committee, or the sponsoring organization of the committee is confidential and is not subject to disclosure under Chapter 552 (Public Information), Government Code.
