### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

During strained economic times for counties across the state, the use of online services provided by the district clerk reduces the cost of labor, decreases the workload on current staff during a time when counties are unable to hire, and provides an easier and less expensive method for customers to obtain certified copies.

The district clerk is responsible for collecting fees related to certified copies for court documents under Chapter 51 (Clerks), Government Code. Currently, the statute requires the clerk to charge \$1.00 per page for any certified copy obtained. There is no flexibility under current statute to charge less than \$1.00 per page for a certified copy even if the copy is obtained electronically.

C.S.S.B. 680 amends current law relating to a fee collected by a district clerk for certain certified copies.

### **RULEMAKING AUTHORITY**

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
