Committee Report (Substituted)

AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

C.S.S.B. 763 allows the designation of certain areas as banking development districts to encourage the establishment of financial institution branches in geographic areas where there is a demonstrated need for banking services. This bill authorizes a local government, in conjunction with a financial institution, to submit an application to the Finance Commission of Texas (finance commission) for designation of a banking development district. The finance commission, in consultation with the Texas Economic Development and Tourism Office, would adopt rules regarding the criteria for the designation of banking development districts.

This bill provides for tax incentives to be offered to financial institutions that establish and conduct business in designated areas and allow local and state governments to deposit public funds in those banks.

C.S.S.B. 763 amends current law relating to the designation of certain areas as banking development districts to encourage the establishment of financial institution branches in those areas.
