AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

The East Aldine Management District (district), in existence for more than a decade, has been providing a myriad of services to area businesses and residents with revenues collected from a voter-authorized sales tax. These services include the construction of a water and wastewater collection system, enhanced public safety patrol services, the construction of sidewalks for safer pedestrian traffic, and improved lighting along major corridors within the district.

H.B. 3935 seeks to add certain parcels of land to the existing territory of the district for the purpose of allowing and legitimizing expenditures by the district in the added areas to provide services currently not being provided by other local governments.

H.B. 3935 amends current law relating to the territory of the East Aldine Management District.

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
