AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

S.B. 1130 creates a limited license procedure to enable out-of-state dentists to provide professional dental services at charity events throughout the State of Texas. Mission of Mercy has provided free dental care since 1994 for the uninsured and underinsured. Organizations such as Mission of Mercy and Fluoride Fest depend on the contributions of volunteer dentists. S.B. 1130 allows out-of-state dentists to participate, thereby expanding access.

Applicants who receive a temporary license with S.B. 1130 are required to be from states that have similar licensure requirements as Texas. The license provided will allow the dentist to practice for a specific period of time and at a certain charitable event without receiving compensation.

S.B. 1130 improves access to oral health care for the citizens of Texas by enabling more dentists to participate in charitable events.

As proposed, S.B. 1130 amends current law relating to the temporary licensing of a dentist who performs voluntary charity care.

RULEMAKING AUTHORITY

Rulemaking authority is expressly granted to the State Board of Dental Examiners in SECTION 1 (Section 256.1016, Occupations Code) and SECTION 2 of this bill.

(2) ceased practicing dentistry in another state not more than two years before the date the dentist applies for a license under this section; and

(3) was licensed in good standing as a dentist in another state at the time the dentist ceased practicing dentistry in that state, if the TSBDE determines the licensing requirements of that state are substantially equivalent to the requirements of this subtitle (Dentistry).

(c) Requires a dentist issued a license under this section to confine the dentist's practice to voluntary charity care; practice only in a geographic area specified by the license; and practice only for the period specified by the license.
