Committee Report (Substituted)

### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

Today in Texas, 1.1 million kindergarten through twelfth grade students are responsible for taking care of themselves after school for an average of seven hours per week. All Texans—students, parents, employers, and community members—need safe, productive activities for kids during out-of-school hours.

Research shows that the hours between 3:00 and 6:00 p.m. are the peak hours for juvenile crime and experimentation with risky behaviors. Expanded learning opportunities ensure that Texas youth are engaged in safe, healthy activities during out-of-school hours.

Expanded learning opportunities help parents get and keep employment. Fifty-one percent of all Texas children not in afterschool would be likely to participate if an afterschool program were available in the community, regardless of their current care arrangement. Expanded learning opportunities support the development of a strong Texas workforce of tomorrow.

C.S.S.B. 503 creates an interdisciplinary council to study ways to offer high-quality out-of-school time programs and extended school days and years to more students. The council will make recommendations to assist local communities to develop expanded learning systems through analysis of current research on best practices, program availability and unmet needs, opportunities and incentives for expanding business and charitable support, and opportunities to promote experiential STEM learning.

C.S.S.B. 503 will maximize this lost time and create an expanded learning opportunities council to engage the business community, law enforcement, educators, and others to promote engaged learning, safe communities, and a strong Texas workforce.

C.S.S.B. 503 amends current law relating to the establishment of the Expanded Learning Opportunities Council to study and make recommendations concerning expanding learning opportunities for public school students.

### **RULEMAKING AUTHORITY**

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
