### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

Small craft brewers are currently prohibited from making sales directly to consumers and are typically underrepresented in the market as a whole. In the interest of stimulating demand for their products and allowing consumers access to the products, C.S.S.B. 518 allows small brewers to devote a small amount of their annual production limit for direct sales to consumers. Sales to consumers will be dedicated for responsible, on-premise consumption and could not exceed 5,000 barrels annually. Such sales will be limited to sales by a manufacturer licensee or the holder of a brewer's permit whose annual production of beer, combined with ale, does not exceed 225,000 barrels. Additionally, C.S.S.B. 518 provides the permissible hours for the sale and consumption of ale or malt liquor and beer on the premises of a brewer or manufacturer.

This change in the Alcoholic Beverage Code does not suggest the three-tier system is broken. Rather, it constitutes a minor revision which will make the system more reflective of the changing dynamics of today's market.

C.S.S.B. 518 amends current law relating to the authority of certain brewers and manufacturers to sell beer and ale to ultimate consumers.

### **RULEMAKING AUTHORITY**

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
