AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

Current Texas statute regarding collection of race and ethnicity data does not conform to national standards for reporting race and ethnicity when this data is exchanged, stored, retrieved, or analyzed in electronic form.

H.B. 3051 amends existing Texas statutes to conform to nationally recognized standards for race and ethnicity reporting and driver licensing in use by other states, the National Law Enforcement Telecommunications System (NLETS), and Criminal Justice Information System (CJIS). This helps ensure reporting accuracy and minimize confusion. It will also bring uniformity to race and ethnicity codes for reporting requirements. (Original Author's / Sponsor's Statement of Intent)

H.B. 3051 amends current law relating to the categories used to record the race or ethnicity of persons stopped for or convicted of traffic offenses.
