AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

Interested parties contend that the Smiley Road Water Control and Improvement District (district) requires additional flexibility in order to better serve the district's residents. H.B. 4287 provides this needed flexibility by authorizing the district to be divided into two or more districts, subject to certain requirements.

H.B. 4287 amends the Special District Local Laws Code to remove the prohibition against the district being divided into two or more districts and to instead authorize that district to be divided into two or more districts only if the district has no outstanding bonded debt and the district is not imposing property taxes, subject to certain additional requirements and voter approval at a confirmation election. The bill sets out provisions relating to the division of the district.

H.B. 4287 provides for the validation and confirmation in all respects of the creation of the district and of certain district acts and proceedings effective as of the date on which the act or proceeding occurred.

H.B. 4287 amends current law relating to the powers and duties of the Smiley Road Water Control and Improvement District.

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
