### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

Parking is at a premium in many parts of Texas. This issue can be especially acute for rental properties. For this reason, many landlords seek to ensure adequate parking for their residents by issuing permitted assigned parking spaces.

It is not uncommon for landlords and tenants to have differences during the duration of a lease. Some landlords may respond to a difference with a tenant by suspending or terminating a parking permit before the termination of the associated residential lease. A tenant's inability to park at their own residence can be an extreme hindrance to daily life, including maintaining employment.

S.B. 1059 provides that a parking permit issued to a tenant must be for the same term as the lease, and prohibits the landlord from suspending or terminating the permit until the termination of the lease.

As proposed, S.B. 1059 amends current law relating to the term of a parking permit issued to a residential tenant by a landlord.

### **RULEMAKING AUTHORITY**

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
