Interested in the day-to-day activities of the Texas governor's office? The LRL collects governors' press releases in our print holdings. Starting with Governor W. Lee O'Daniel (1939–1941) and up to Governor Greg Abbott (2015–present), these records document governors' responses to legislation and significant events, appearances at important meetings, and more.

Contact the library at (512) 463-1252 for information about gubernatorial materials in our collection. (And check out our [Texas Governors database](#) for digital resources.)
