

LRL's Texas Governor Pages: Your Portal to Governor Information

Posted At : May 11, 2016 11:26 AM | Posted By : TexasLRL

Related Categories: LRL news

Former Texas Governor Rick Perry's [portrait](#) was unveiled last week (whoop!), giving us the perfect opportunity to highlight our [Texas governor pages](#). The LRL's Texas governor pages serve as a portal to a variety of information about Texas governors, including biographical information, term dates, previous offices held, and more. You can even see images of the governor portraits that hang in the Capitol Rotunda.

A favorite feature of the Texas governor pages is a searchable database that contains [a wide range of gubernatorial documents](#) for each Texas governor, including vetoes, executive orders, legislative messages, proclamations, speeches, and even [inaugural invitation materials](#). In addition to our online governor materials, the library also has a large collection of hard copy materials that includes bound press memo volumes. For questions or assistance using the governor pages or governor materials in our collection, please contact the library at (512) 463-1252.

If you're interested in learning more about our Texas governor pages, see our [previous blog posts](#) on this topic.
