Following each legislative session in Texas, organizations, state agencies, and other entities publish "wrap-ups" summarizing new laws and key legislative developments on various issues such as education, the environment and criminal justice. Wrap-ups can range from a simple list of bills to a detailed report that includes background information and expert analyses.

Below is a short selection of legislative wrap-ups for the 2011 Legislative Session. More are available, and some are still being written. To find one on a topic that interests you, check the websites of state or national organizations that focus on the issue, or [visit](#) the library and search the [Current Articles](#) database.
