

LRL's State Budget Diagram

Posted At : June 21, 2016 8:34 AM | Posted By : TexasLRL

Related Categories: Legislative process

The library's [state budget diagram](#) charts the budget-making process in Texas month-by-month. The diagram is a helpful way to understand where we are in the budget process and what lies ahead. Users will learn about legislative appropriations requests, budget hearings, the process of writing the budget bill during session, and the variety of reports created during the budget process. The library updates the diagram as the process moves forward, so continue to check back.
