The Sunset Commission's last report of the 2014-2015 cycle, [Final Results of Sunset Reviews](#), is now available on the Sunset Advisory Commission's [website](#).

"This comprehensive report briefly summarizes the final results of each Sunset review, including both legislative actions and nonstatutory management directives. Despite the failure of four bills, the 84th Legislature adopted 72 percent of the Commission's 185 recommendations through Sunset legislation or other related legislation. The legislation is estimated to have a positive fiscal impact of some \$38 million."

- Ken Levine, Director of the Sunset Advisory Commission
