The library is pleased to announce the addition of *Texas Penal Code Revision Research Guide* to our online collection of statutory revision material. The guide provides information on sources available for legislative intent research for the Texas Penal Code as enacted in 1973. That enactment was the culmination of a substantial revision process conducted by the Texas Penal Code Revision Project, a collaborative effort of the Texas Bar Association and the Texas Legislative Council, from 1965 to 1973. The Guide includes information about the revision process; a timeline; a chronological list of documents related to the revision; a list of documents organized by Penal Code section; and other resources.
