Related Categories: Week in review

In this weekly post, we feature online articles and policy reports published recently, and other helpful research tools.

- Track the wellbeing of U.S. children across various demographics. (Institute for Child, Youth and Family Policy, Brandeis University, March 12, 2014)
- Examine the current state of Medicaid expansion decisions and the effect on poor uninsured adults. (Kaiser Family Foundation, April 2, 2014)
- Compare election administration performance among the states. (Pew Charitable Trusts, April 8, 2014)
- Read about an increase in calls to poison centers involving e-cigarette liquids. (Centers for Disease Control and Prevention, April 3, 2014)
