SAY:**

HB 2510 would clarify that all nonprofit animal adoption groups in Texas were exempt from sales and use taxes for the sale of an animal or the acceptance of an adoption fee by including nonprofit animal welfare organizations, including animal rescue and shelter organizations, in the statutory tax exemption. Currently, if a Texan adopts an animal from a nonprofit animal shelter, no sales tax is associated with the transaction, but if the adoption occurs at an animal rescue then taxes are collected on the sale or adoption fee. This has caused confusion around who must collect a sales tax when offering an animal for adoption, which HB 2510 would resolve.

Nonprofit animal shelters take in thousands of animals each year, and animal rescues end up housing many of these animals to alleviate some of the shelters' financial burdens and to ensure that the animals are placed in good homes. Animal rescues often pull animals with expensive medical cases from municipal and county shelters and cover the costs for any associated medical procedures, saving taxpayer money and the animals' lives. A sales and use tax exemption for animal rescue groups would ensure that they could recoup the costs of their work through tax-exempt adoption fees, better enabling them to continue to do the expensive work of supporting shelters and rescue animals.
