DIGEST AND PURPOSE

Currently, the Texas Excellence Fund and the University Research Fund allocate equal amounts of money under two separate methodologies. These funds, created by the 77th Texas Legislature are for institutions of higher education that do not receive excellence funding from the Permanent Education Fund. As proposed, S.B. 1855 abolishes the Texas Excellence Fund and the University Research Fund and creates the research development fund with a single distribution methodology. This bill also provides for a transition period.
