AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

Texas, along with the rest of the nation, is facing a growing nursing shortage. The Texas Center for Nursing Workforce Studies has estimated that the number of Texas registered nurse graduates must increase by 50 percent between 2006 and 2010 in order to address the nursing shortage. The current dedication of money from the permanent fund for health-related programs to nursing education will expire on August 31, 2007.

As proposed, S.B. 992 continues the current dedication of a portion of the tobacco lawsuit settlement funds to support nursing schools.

This bill does not expressly grant any additional rulemaking authority to any state officer, institution, or agency.
