### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

Provisions of the Texas Economic Development Act relating to agreements between school districts and owners or lessees of certain kinds of property to limit the appraised value of the owner's property are unclear. Attorney General Opinion GA-318 (2008) has caused further uncertainty and confusion among school districts about entering into tax abatement agreements. By clarifying present law, school districts will feel more confident about entering into agreements with businesses, which will encourage economic growth and development in Texas. Such growth will create employment opportunities and community growth.

H.B. 3676 clarifies provisions of the Texas Economic Development Act relating to agreements between school districts and an owner or lessee of a qualified property, or the holder of another possessory interest in such a property, to limit the property's appraised value.

### **RULEMAKING AUTHORITY**

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.

(d) Requires the comptroller, before the 91st, rather than 61st, day after the date the comptroller receives the copy of the application, to submit a recommendation to the governing body of the school district as to whether the application should be approved or disapproved.
