### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

As grocery stores become more innovative, incorporating restaurants, the Texas Alcoholic Beverage Commission rules hinder the ability of grocery stores to employ 16-year-olds and 17-year-olds as cashiers. Historically, grocery stores tend to hold off-premise consumption of alcohol permits. With these permits, grocery cashiers can be employed at age 16 and older. These employees are permitted to sell alcohol for off-premise consumption. However, to offer additional services like growlers or the service of beer and wine with food for on-premises consumption, the grocery store must hold a different permit that allows for on and off-premise consumption of alcohol. With an on/off-premises consumption permit, grocery cashiers must be at least 18 years old to sell alcohol.

While mixed beverage establishments that serve liquor have the ability to obtain a food and beverage certificate to allow 16-year-olds and 17-year-olds to sell liquor, grocery stores holding beer and wine on/off-premises permits do not have this ability.

S.B. 1651 allows 16-year-olds and 17-year-olds to work as grocery cashiers in on/off-premise establishments, continuing to sell for off-premises consumption as in a typical grocery store, but does not change the requirement that the service of alcohol must be performed by someone who is at least 18 years old. This bill does not intend to change any of the age restrictions for serving alcohol. (Original Author's/Sponsor's Statement of Intent)

S.B. 1651 amends current law relating to the employment of persons under 18 years of age on the premises of certain business selling or serving alcoholic beverages and adds a provision that is subject a criminal penalty.

### **RULEMAKING AUTHORITY**
