Committee Report (Substituted)

### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

S.B. 2, passed during the 83rd Legislative Session, required the Texas Education Agency (TEA) to close a charter school if it is assigned an unacceptable academic and/or financial rating for three consecutive years. After S.B. 2, approximately 26 charters have been closed. This amount exceeds the total number of closures within the past 10 years combined and has brought to light the lack of process in the disposition of assets purchased with state funds upon the cessation of operations of a charter school.

One of the Senate Committee on Education's interim charges was to study this issue and develop legislative recommendations for addressing this problem. S.B. 1658 is a result of intensive stakeholder discussions since the committee's interim hearing in December 2015. The committee sought input from TEA, the General Land Office, the Texas Charter School Association, Texans for Quality Public Charter Schools, the Texas League of Community Charter Schools, bond attorneys, and charter school operators during this process. S.B. 1658 will reduce litigation related to charter school closures, encourage greater transparency in charter school real estate transactions, and provide TEA clear and helpful guidance on disposing of the property of a charter that ceases to operate.

- S.B. 1658 provides guidance to the state on how to dispose of a charter holder's property purchased with state funds.
- The bill language authorizes TEA to direct the charter holder upon closure to dispose of the property through one of the following methods:
  - Retain property and reimburse the state;
  - Transfer title to the property to TEA or another public school; and/or
  - Liquidate the property.
- Clarifies that that property purchased with state funds may not be transferred, sold, or otherwise disposed of without the prior written consent of TEA if the charter holder receives notice of revocation, nonrenewal, or expiration.
- All remaining state funds of a charter holder that ceases to operate must be returned to TEA and deposited in the charter school liquidation fund. TEA may approve a transfer of these remaining funds to an entity that is taking over the operations of the charter that has ceased to operate.
- Requires a charter school to provide an accounting of each parcel of the school's real property, including identifying the amount of local, state, and federal funds used to purchase or improve each parcel.
- Ensures Texans taxpayer dollars remain in Texas by prohibiting the use of state funds to be pledged or used to secure loans or bonds for any other organization or to support a non-charter operation or out-of-state operation affiliated with the charter holder.

- Requires that a charter school, prior to entering a real property transaction with a related entity, provide TEA with an appraisal of the property. Gives TEA the authority to reclassify transactions between a charter holder and a related entity if TEA believes the transaction was not in the material interest of the charter holder.
- If entering into a financial transaction with a related entity, the charter school must include the business operations of the affiliated company in the school's annual financial report.
  - Including all financial transactions between the charter school and the affiliated company, the total compensation and benefits of board members, officers, and administrators of the school and affiliated company, and each member related to a board member, officer or administrator.
- Allows a board of managers to access and manage the former charter holder's bank account that contains state funds and sell or transfer property to another charter holder or district. (Original Author's / Sponsor's Statement of Intent)

C.S.S.B. 1658 amends current law relating to the ownership, sale, lease, and disposition of property and management of assets of an open-enrollment charter school.
