AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

Both land and air crews in the Texas Military Department train extensively together and perform duties in a collaborative effort. The collective efforts and actions of a crew at times will outweigh the individual efforts. Some of those actions rise to the level where recognition is warranted.

While the Government Code provides for the recognition of individuals for specific acts of valor, bravery, outstanding courage, service, or extraordinary achievement for each award respectively, the Government Code only mentions individual(s) and the actions thereof and not those collective actions of a crew.

This bill updates the Government Code in order to recognize exemplary conduct of land and air crews when the actions of such crew rise to the level where recognition is warranted. This bill applies to three awards: Lone Star Medal of Valor, Texas Outstanding Service Medal, and Texas Medal of Merit. (Original Author's/Sponsor's Statement of Intent)

S.B. 1597 amends current law relating to awarding certain medals for military service performed individually or as part of a crew.
